you can. If you can't get to a safe building or vehicle:
"Avoid open areas; don't be the tallest object in the area; stay away from isolated tall

trees, towers or utility poles. Lightning tends to strike the taller objects in an area.
"Stay away from metal conductors such as wires or

fences. Metal does not attract lightning, but lightning can travel long distances through it.

"If you are with a group of people, spread out. While this actually increases the chance that someone might get struck, it tends to prevent multiple casualties and increases the chances that someone could help if a person is struck."
