Towns County Recreation Baseball teams headed to State

Towns County Herald Sports Special

Over the past week, the Towns County Recreation Department's 12U, 10U and 8U Baseball teams have been fighting through district for a chance to compete at the next level.

The 8U boys, led by head coach, Jason Waldroup, in their inaugural year of the program made a great effort and showed an unbelievable amount of improvement from the beginning of the season, but fell short of punching their bid to the State Tournament.

The 10U Boys, led by head coach Shane Haney, had

impressive wins over Hall County, and Gilmer County before ultimately placing third overall in district play and earning a trip to the state tournament in Canton.

The 12U boys, led by head coach Brian Yeomans, were able to pull out wins against Dawson County, Gilmer County, and then impressive wins against White County in both the opening game, and then again after White County fought their way through the losers bracket.

Towns remained perfect throughout the tournament en route to a District 6 Championship while also securing a spot in the State Tournament that will be held in Boynton.
